

USD360 Parents Online Accounts

USD360 is happy to announce the Parents Online accounts are now available. This year we are using the GoEduStar System for checking student grades, attendance, personal information, immunizations etc. ProLink is no longer being used. If we have your e-mail address from last year using a ProLink account you should have received an e-mail from the GoEduStar system about your account. Please be sure to check your “SPAM” and/or “Bulk” folders in case it went there. You will be assigned a password from GoEduStar but will have the option to change it once you log in with the original password provided. Students in grades 6 – 12 were given Student Online accounts on Friday, September 14th allowing them to check their grades online also. If you have any questions or to set up a new account please contact Cindy Conrady at cconrady@usd360.com or 845-2585 x118. Their website is https://www.goedustar.com/pol/pol_index.htm
